103 Fiscal Authorities And WMO Types	District-wide Ad valorem (103B.241) (Pay costs to prepare plan and implement projects in an approved plan)	Special Taxing District Local Government Unit (103B.245) (Pay for costs of plan development and capital cost identified in an approved CIP)	Capital Improvements Certification to County for Payment (103B.251) (Projects must be in an approved CIP)
Watershed Districts (operating with approved 103B.201 plan)	X WD may also use 103D.905 to raise funds on an ad valorem basis.		X WD may apportion costs district-wide or by subwatershed units and require the establishment of more than one tax district in the watershed.
Joint Powers WMO (Acting as its own entity and authorized in the JPA)	X WMO may raise funds on an ad valorem basis if listed as a special taxing district in chapter 275.066.		X WMO may apportion costs district-wide or by subwatershed units and require the establishment of more than one tax district in the watershed.
Municipalities (Cities or towns acting as a member of a JPA WMO)	X Municipalities have authority under chapter 426-435	X Municipalities can set up special taxing districts that encompass the entire city or subwatershed units (as defined by the WMO) within the city.	
County (Acting as WMO)	X Counties are listed as a special taxing district in chapter 275.066 (23).	X County may apportion costs by subwatershed units or by cities and towns and may establish one or more watershed management tax districts.	X Counties are listed as a special taxing district in chapter 275.066 (23).

Funding options within the bold boxes are available to all Water Management Organizations in the Metro, i.e. joint powers agreement or watershed district.
